CEO's Message

Dear FAST Family,

A new fiscal year is more than the start of another reporting period. It is an opportunity to reset our focus, raise our standards, and collectively strive for higher levels of performance. The success of our business depends not only on the strategies we develop but also on the discipline and excellence with which we execute them every day. In this spirit, I am pleased to see the launch of our 5S Initiative across the factory led by the Chief Operating Officer, Shahzad Mian. While 5S may appear to focus on workplace organization, it is much more than a housekeeping exercise. It is a fundamental building block of a world-class manufacturing culture.

Through the principles of Sort, Set in Order, Shine, Standardize, and Sustain, we are creating a workplace that is safer, more efficient, more productive, and better equipped to deliver consistent quality. An organized workplace reduces waste, minimizes downtime, improves visibility of issues, and enables our teams to perform at their best. More importantly, it reflects our collective pride in the work we do every day.

At its core, 5S is about people and the mindset they bring to the workplace. It encourages ownership, accountability, and teamwork. Every improvement, no matter how small, contributes to a culture of continuous improvement that will strengthen our operational capabilities and support our long-term growth ambitions. I encourage every employee to actively participate in this initiative. Together we can challenge ourselves to identify opportunities for improvement, maintain the highest standards in our work areas, and support one another in making 5S a sustainable way of working rather than a one-time exercise.

The foundation we build today will determine the success we achieve tomorrow. By embracing discipline, innovation, and continuous improvement, we can make this fiscal year one of our strongest yet. Thank you for your commitment and contribution. I wish you all a productive, safe, and successful quarter ahead.

Kamal Mian
CEO, Fast Cables

Introducing the New FAST Cables Coil Box

FAST recently introduced its new cable coil box, reflecting our continued focus on enhanced product, packaging and customer convenience. Designed to support easier handling, storage and transportation, the new packaging represents another step in improving the customer experience beyond the product itself. This initiative reinforces FAST's commitment to delivering REAL Quality at every stage, from manufacturing to delivery.

FAST Powers Industrial Progress at IEEEP Fair 2026

FAST proudly participated as the Platinum Sponsor of IEEEP Fair 2026, Karachi reinforcing its commitment to Pakistan's industrial and engineering sector. The event provided a platform to showcase FAST's cables and lights solutions and engage with industry stakeholders. Saquib Fayyaz Magoon, Senior Vice President of the Federation of Pakistan Chambers of Commerce and Industry (FPCCI), visited the FAST Cables booth, and appreciated the importance of collaboration in advancing Pakistan's industrial growth and innovation.

FAST Tasdeeq-FAST Inamat

We congratulate the winners of FAST Tasdeeq-FAST Inamat scheme on winning prizes, including motorbikes, and becoming a part of our FAST Tasdeeq Club.

FAST Achieves WWF Green Office Recertification

FAST Head Office proudly achieved WWF-Pakistan Green Office Recertification with an improved audit score of 78%, up from 75%. This milestone highlights our efforts in monitoring energy, paper, and fuel consumption, strengthening employee engagement through our Sustainability Champions network, and promoting eco-friendly workplace practices. It also reflects our continued commitment to environmental stewardship and continuous improvement.

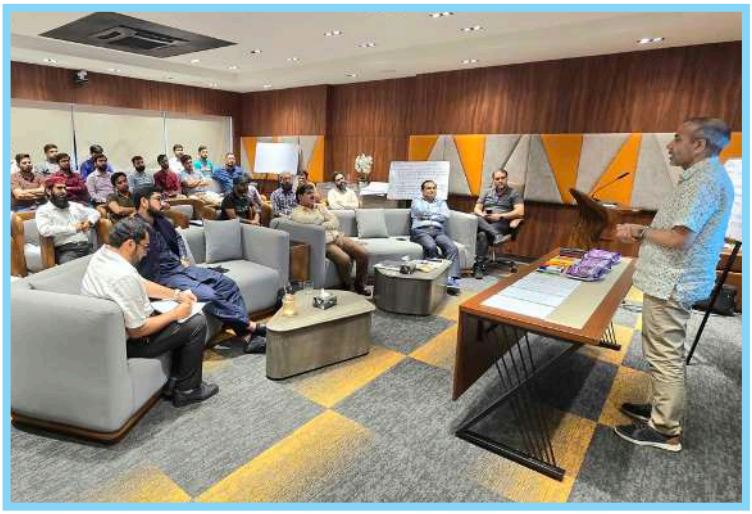

FAST Excellence Award at GIKI

The FAST Excellence Award was presented to Raja Muhammad Ali Nazir of Ghulam Ishaq Khan Institute of Engineering Sciences and Technology for recognizing his outstanding academic achievement in Electrical Engineering. Each year FAST continues to celebrate merit, dedication, and excellence in STEM at leading universities in the country.

Strengthening Workplace Excellence Through 5S

FAST conducted a 5S Training sessions to reinforce workplace organization, standardized practices, and continuous improvement across its manufacturing unit. The sessions focused on building awareness of efficient workplace practices that support safer, more organized, and sustainable operations. By strengthening these practices, FAST continues to improve its processes, workplace efficiency, and commitment to quality.

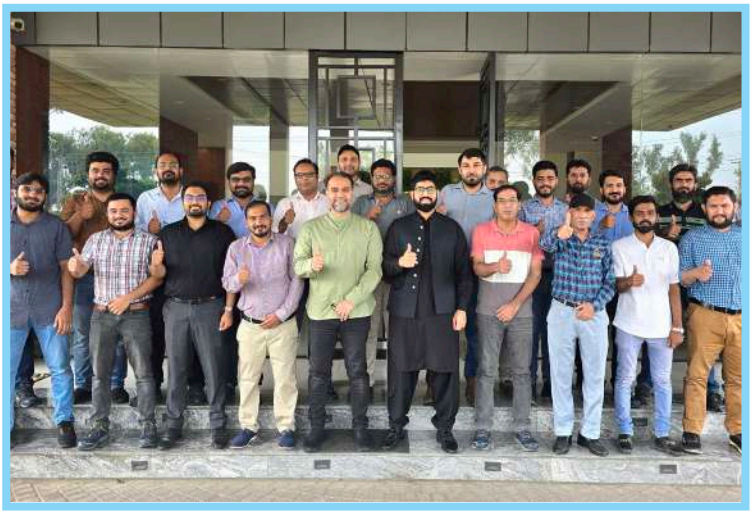

FAST Celebrates Pakistan's Independence Day

FAST Family celebrated Pakistan's Independence Day across the Head Office, manufacturing facility, and branch offices nationwide. Our celebrations honored the courage and sacrifices of the nation's founders while reinforcing the spirit of unity, resilience, and national pride.

Employee Relations – Celebrating Togetherness

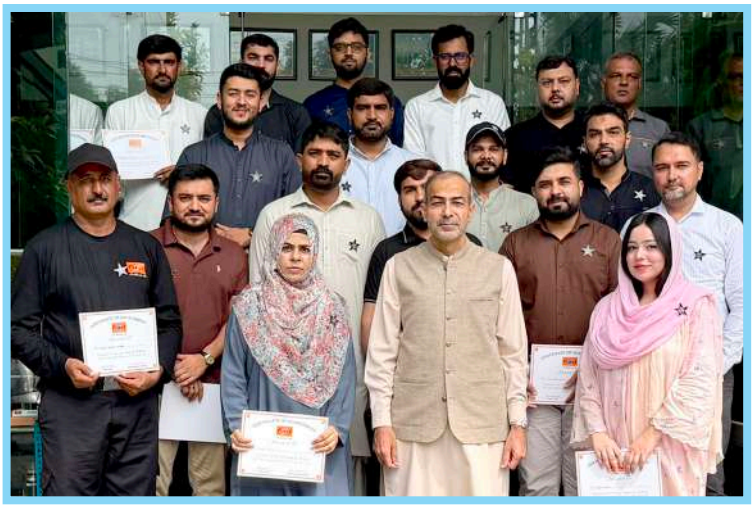

Birthday celebrations, work-anniversary wishes, and farewell gatherings were held throughout the first quarter. These moments foster a culture of appreciation, unity, and belonging, strengthening the connections that make FAST more than a workplace: a family built on shared values and mutual respect. Such occasions also provided opportunities to recognize individual contributions, celebrate milestones, and create lasting memories that enhance employee engagement and morale.

Employee of the Quarter (EOQ) – Recognizing Excellence

FAST celebrated the Employee of the Quarter (Q4 2025-26) at both the Head Office and manufacturing facility in August 2026. The initiative recognizes outstanding employee contributions and celebrates individuals who demonstrate dedication, integrity, and commitment to performance. We congratulate all EOQ recipients for exemplifying FAST's values and contributing to organizational excellence.

FAST Family Welcomes New Members

We are delighted to welcome new professionals to the FAST Family, bringing valuable expertise and experience to strengthen our organizational capabilities.

Mr. Kashif Mehmood
HOD Engineering
A graduate in Electrical Engineering from Bahria University Islamabad, he brings over 20 years of international experience in technical operations, engineering solutions, and major project commissioning. Before joining FAST, he served as Lead Electrical and Maintenance Engineer at Bahra Electric, Saudi Arabia.

Mr. Kaleem Ullah Hashmi
Senior Manager Sales Lights
A graduate in Electronic Engineering from SSUET, he brings over 16 years of sales experience, including professional experience with Jubilee Corporation, Philips Lighting, and Pier Lights.

Ms. Fehreen Munawar
Manager Internal Audit
A qualified Chartered Accountant with over 3.5 years of audit and assurance experience at KPMG across Pakistan, Saudi Arabia, and the UAE. Her experience spans manufacturing, retail, financial, and service sectors.

We extend a warm welcome to our new colleagues and wish them success as they contribute to FAST's continued growth and excellence.
